

Effective April 11, 2022, the names and features of your current account(s) may change and are outlined under each account type in the graph below. Maintenance Charges begin May 1, 2022, and will reflect in your May 31 statement. Your account number(s) will not change, unless notified otherwise. You can continue to use your current debit card and checks, and your direct deposits will continue to process as they do today.

Please review the information below to determine any changes. **If you are unsure of the name of your current account, please reference your account statement or call Customer Engagement at 888-406-2220 for assistance.**

**Preparing for the Banking System Update**

We are updating our primary bank operating system April 7–11, 2022. In preparation for the update, please review the information below and take any necessary steps to ensure a smooth transition.

**Updates to Online Banking Login**

Beginning April 11, you will need to use a temporary password the first time you log into Online Banking:

- **Current Online Banking Users:** If you have logged in within the last 12 months, your username will remain the same. Your temporary password will be the first four letters of your last name plus date of birth (mmddyy). For example, if your last name is Smith and your date of birth is May 13, 1983, your initial temporary password would be Smit051383. (The first letter will be capital.) Users with four or fewer letters in their last name will use their full last name. After logging in for the first time, you will need to create a new password.
- **Business users (and sub users):** Your temporary password will be the last four digits of the business TIN.

**Online and Mobile Banking**

- Online Banking and Mobile Banking will be unavailable from 6pm on Thursday, April 7, to Monday, April 11.
- Access to Bill Pay in Online Banking will be disabled on all devices from April 1 to April 11. On April 11, Bill Pay access and service will resume.
- Any Ebill payments setup in an autopay rule and scheduled before April 11 will process normally. Ebill payments setup in an autopay rule, but scheduled on or after April 11, will process as a one-time payment. To continue with Ebill autopay you will need to re-enroll for Ebills on the upgraded Online Banking Bill Pay system.
- Linked accounts will migrate during the system upgrade, but external transfers will require you to reverify micro deposits to the account on or after April 11.
- All Mobile Banking users will need to delete their existing app and download the new Mobile Banking app. Search for *Crews Bank & Trust* in Google Play or the App Store on April 11 or visit our website for further instructions.

**Statements**

- Statement cycles are changing. All statements will be processed and distributed at the end of the month, beginning in April, however you might also receive an interim statement on April 7.
- Online statement history will not be available in online banking for up to six weeks after the system update. Download needed statements prior to 6pm on Thursday, April 7. Statements generated from the new system will be available immediately.

**Quicken/QuickBooks**

- On April 9, complete a data file backup and a final transaction download from your Intuit software to ensure a smooth transition. It is critical to complete the final download on or before this date; transaction history might not be available after the update. On Monday, April 11, you will complete the deactivate / reactivate of your Online Banking connection to ensure Quicken, QuickBooks or Mint accounts are connected to the new system. Visit our website for migration instructions.

**ACH Origination**

- Beginning April 11, ACH origination will require pre-funding.
